CERTIFICATE OF TRANSMISSION 37 C.F.R. 1.8	
I hereby certify that this document is being transmitted via facsimile to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, to facsimile number (571) 273-8300 on the date below:

Sir:

This Supplemental Interview Summary is being submitted to clarify a statement made in the Interview Summary filed by Examiner Ahn on March 15, 2006.

On March 13, 2006, the undersigned filed an Interview Summary, summarizing the discussion between the undersigned and Examiner Ahn and his supervisor, Mr. Ghayour. In that Summary, it was noted that the impropriety of the final rejection was discussed with the Examiners in view of the new reference cited in the Advisory Action dated November 17, 2005. The undersigned also noted that no prior art was discussed with the Examiners.

Examiner Ahn filed an Interview Summary (dated March 15, 2006) in which he noted that the participants "discussed the substance of 103 rejection of claim 2." The Examiner's reference to "substance" suggests that prior art references were discussed in substance. In fact, no "substance" of any prior art references was discussed. Rather, only the impropriety of the final rejection (in view of newly cited reference in the Advisory Action) was discussed. The Examiner's "substance" statement is likely directed to this particular issue, and not intended to suggest that the substance of any particular prior art reference was discussed. The Examiner is invited to respond if his understanding of the interview is different from that of the undersigned.

Respectfully submitted,
